

THE CENTRAL RECORD

LANCASTER, KY., THURSDAY, JUNE 26, 1902.

THIRTEENTH YEAR.

NUMBER 13

Items of Local Interest.

Wheat cutting is in full blast.

Cut the weeds from the side walks.

Only four more days and the year is half gone.

The watermelon crop bids fair to turn out well.

The automobile drew a crowd to town Saturday.

Jim Hamilton and his nule were highly complimented.

The same old cry of "short" wheat crop is being heard. You hear it every year.

Not a drunken man in town circus day. The tigers were shut as tight as beeswax.

The nights, so far, have been delightful, but several days would scorch a feather, sure.

Another batch of negroes left on Sunday's excursion. Let the good work proceed.

The Richmond Elks Fair is talked of on all hands. The best horses in the land will be there.

No. 4 ran over and killed a man at Paris Friday morning. He threw himself in front of the train.

The report that Sells Bros. show was heading this way is not true. They are in the far West.

A crop of weeds in front of a dwelling shows the owner to be a man of great push and enterprise, nit.

Few drunks on Monday. The Farris law is having a good effect. The hoodlum element had to go dry.

Policeman Mat Siler delivered John Royce, the deserter, to the authorities at Fort Thomas and copped a good reward. You can find a better officer than Mat.

Glorious Fourth.

A grand Fourth of July celebration will be given on Jolly Ridge, eight miles south of Richmond, and The Record is requested to say the big pot will be put in the little one. Good speakers, good music and a good time insured all. Be there.

County Court.

Nothing of importance was done in the county court Monday save the probate of the will of Mrs. Margaret Gill. She names her father, Squire W. H. Kinnaird, as administrator and the estate divided among the children, save \$300 given toward building the Presbyterian parsonage.

Buy a ticket on the automobile. See any Elk.

Blackberries will be plentiful, and the "jam boys" are happy.

The pay car, known among railroad men as the "bread wagon," passed over the Rowland branch Tuesday.

Rev. R. M. Campbell began a protracted meeting at Herring's school house last night, and will continue through the week. Services every night.

Gilberts Creek Robbery.

The post office at Gilberts Creek was robbed Monday night, the thieves getting away with \$40 in money and \$35 in stamps. "No clew yet."

Some Good Music.

The Southern Military Band, of Crab Orchard, passed through town Sunday and favored our people with a few selections. They had been playing an engagement at Wallacetown. The boys have been working hard and have things down to a fine point.

Death of Noble Man.

The death of Stanton B. Hume, which occurred in Colorado last week, was a shock to the many friends of that excellent young gentleman here in Lancaster. "Tan" Hume was a big-hearted, liberal whole-souled gentleman, and his death is deeply regretted by all who knew him. He was a son of the late W. S. Hume, of Silver Creek, and had resided in Richmond for the past few years. The remains were brought to the latter city for burial.

In Good Shape.

A RECORD man had the pleasure of a visit to the Crab Orchard Fair grounds Sunday. One of the prettiest tracks we ever saw has been made, it being "kite-shaped," and can be seen from any part of the grounds. The amphitheatre will be made against a big hill and furnishes a splendid view of the entire track. There is an abundance of shade, and the grounds cannot be surpassed anywhere. Liberal premiums are hung up, and a splendid show of stock will be on hand. Remember the dates, July 23, 24, and 25. See big ad elsewhere in this issue.

To the Democrats of the 13th Judicial District.

I desire to announce myself a candidate for re-election to the office of Commonwealth's attorney of this district. In the past I have endeavored to faithfully discharge my duties as your servant and, if in your judgment, I am deserving of re-election, I shall greatly appreciate an endorsement at your hands, promising you that should I be so fortunate as to be elected that I will faithfully discharge the duties of the office. Yours respectfully, J. S. Owsley, Jr.

Rev. A. R. Moore will preach at Hubble Sunday afternoon, a 3 o'clock.

Temperance Lecture.

Rev. A. R. Moore will deliver a temperance lecture at New Antioch Tuesday, July 1. He will speak on the same subject at Gunn's Chapel July 4.

Try Another Plan.

While THE RECORD is heartily in favor of any plan adopted by the good women to assist in church work, we must say the court day dinners served work a hardship on the hotels and restaurant that is not exactly right. Of course the people patronize the dinners in order to help the church, but this takes that much away from the hotels and restaurant. For some years we were without a first-class restaurant, and for a much longer period the hotel facilities were not large enough to accommodate visitors to our city. These institutions pay large sums to employees, in fact spend all they take in with home people, and to detract from them on the days when they can do pretty well is not right and should be abandoned.

A Mistaken Idea.

The report that the Richmond Elks Fair will be a "street fair" is entirely without foundation. The Elks have secured the Central University grounds and campus, upon which has been made one of the best tracks and best grand stands in Kentucky. The premiums for all classes of stock are higher than ever offered, and this, you know, will bring the very best stock in the country. Big-hearted Matt S. Cohen was a leader in arranging the premium list, and this insures one that will do to tie. He is one of the best horsemen in Kentucky, and knows what it takes to bring the stock. In addition to the stock exhibition, there will be a midway with all the best shows to be had, the flying dutchman, cane racks, and many other amusements. Another good feature is that the admission fee will only be a quarter. We will have some cat-alogues in a few days, and will take pleasure in giving them out.

The Musical Contest.

The largest audience in the history of the opera house witnessed and enjoyed the Vocal Contest Tuesday evening. The music was excellent, and so well was each selection rendered that it would be folly to attempt special mention. During the evening, the song picture, "Lead Kindly Light," was rendered by Misses Thompson and Hemphill, of Lancaster, a reading by Mrs. Walter Beazley, of Lancaster, "The Wreck of Pocomtong," presented by four beautiful Stanford ladies, Misses Mary B. McRoberts, Sue Taylor Engleman, Virginia Bourne and Mary Higgins. Those who participated in the Vocal Contest were Misses May Willie Bonta, Lexington; Helen Lucile Sumerell, Danville; Lilly May Moseley, Nicholasville; Minnie Dykes, Richmond; Elizabeth Williams, London; Gonzella Byrnes, Selma Alabama; Lula Smith, Somerset; Lillie B. Leavell, Bryansville; Reading—Mae Robinson, Bryansville; Cora Ward, Lancaster; Jennie Lynn, Stanford; Mary Helen VanArsdale, Harrodsburg. At the conclusion of the program, the judges retired and soon decided that Miss Lillie B. Leavell, of Bryansville, was entitled to first and Miss Gonzella Byrnes to second prizes.

Miss Smith Still Leads With Miss Bradley a Close Second.

The official count in the contest for Queen of the Elks' Fair and Carnival which took place yesterday showed no change in the lead. Miss Katie Smith, of this city, still leads with 368 votes. Miss Bradley, Lancaster's fair candidate for the honor, remains in second place, although her supporters by their loyal work have brought her closer to first place which it is their evident intention that she shall have. Only eighteen votes now separate first and second place and a strong race with a neck and neck finish is promised. The race is just started and there is yet time for a dark horse to win. The result is never certain until the wire is passed.

But who will be Queen of the Floral Parade? See the count below and boost your favorite. Ballots 5 cents each.—Richmond Register.

Misses—
Katie Smith.....368
Christine Bradley.....350
Florrie Chenault.....288
Mary Collins.....100

Mattie C. Smith.....15

The Lancaster boys have, as stated last issue, placed Miss Christine Bradley in nomination, and many votes have been cast for her. There is a mistaken idea that none but Elks can vote. It is not so, as anyone can vote as many ballots as he chooses. They are five cents each, and if you want to help Lancaster's entry win the honor, see Louis Landram, Branon Beazley, or any of the Elks residing here and you can have all the tickets you wish. If you reside out of town and want to see your old home town win, send \$1.25 and an entire book (25 tickets) will be placed in the box.

Miss Maude Pope Won.

The elocutionary contest given by Saudley and Alverson at Walton's opera house, Stanford, was won by Miss Maude Pope, of Boyle, with Miss Kay Sallee, of Harrodsburg, second.

Dr. McKee's Will.

Danville News:—The will of the late Dr. J. L. McKee was probated yesterday. Dr. McKee's property was devised to his widow, Mrs. Sarah H. McKee, who was by its provisions made administratrix.

Sunday Subjects.

Services at the Baptist church next Sunday morning and evening at the usual hours. Preaching by the pastor. Morning subject "Praying Amiss" Evening theme "The Cast Down Soul." All are invited.

Jolly Old Soldiers.

Eighteen or twenty old soldiers who wore the gray met at the iron bridge last week and had a jolly good time. A splendid good dinner was enjoyed, old times were gone over and many funny stories told on one another. It was decided to hold another meeting later in the summer, when all the old Confederates in adjoining counties will be invited. Several of the boys who wore the blue were on hand as guests last week.

A Severe Drouth.

While citizens in town and county are complaining of the drouth, there is, another class of people suffering more. It is the gang of fellows who like a glass of cool beer or a nip of old bourbon. The Farris law has knocked the props from under the tigers, and, as one fellow said, "The Chute is as dry as a bone, and all the boys are coughing dust." The Farris law is a stem winder, and will do lots toward stopping the sale of John Barleycorn.

Garrard County Wins.

A great many of our people attended the contest at Stanford Friday evening, and were delighted with the entertainment. The contestants were among the best to be found in central Kentucky, and it was of Nip and Tuck from start to finish. The first prize was won by Miss Lillie B. Leavell, of Garrard county, and many were the congratulations showered upon the fair young lady. She is a speaker of unusual ability, and an excellent and sweet little lady.

To Telephone Users.

When calling for a number, don't engage the operator in conversation. She may have several others waiting to be answered, and if she stops to gas with you the other people begin to fume and swear. Call for the number you want, then close your head. We saw this illustrated in the office the other day, and you would be surprised to see how much time it takes to tell every caller "good morning." "Yes, its hot," "I'm quite well, thank you," and ten thousand other such silly questions. Call your number and dry up 'till the one you want answers.

Hot After Them.

Attorney Lewis L. Walker returned Thursday from Indianapolis. A special from that city says Mr. Walker, as attorney for the Commonwealth of Kentucky in the suit for damages against Gins & Co., publishers, in the Garrard Circuit Court, has secured strong evidence against the company there. The company is under bond to sell books as cheaply in Kentucky as anywhere. It is selling Montgomery's American History in Kentucky for \$1 a volume. Indiana students get the book for sixty-five cents. Mr. Walker secured complete evidence of this condition. While there he consulted State Superintendent of Public Instruction Frank Jones, regarding the proper means to secure satisfactory evidence. There is probably a slight difference between the edition used in Kentucky and that used in Indiana. The old soldiers in Indiana objected to certain paragraphs regarding the Civil War and these were cut from the edition in use in that State. The book company may fall back on this technicality and claim that the two books are not the same. The suit is for \$10,000 damages on the bond.

Extensive Improvements.

THE RECORD office, ever on the alert to please its customers, has just received \$150 worth of new type. All the latest and most popular styles are now in our office, and we defy any one to turn out a better class of work. We recently put in another new Gordon jobber, which gives us three of the best pressing money can buy. When any traveling Filipino tells you he is better prepared to do your work than this office can do it, please tell him that Louis Landram says he is a liar. Honest competition is all right, but when it comes to undermining, underhanded methods, then count us out. We don't nag at merchants, lawyers or other business men for work, nor do we say we will do it cheaper than others, but we claim to turn out as good as can be had anywhere, and at prices that are reasonable. If you want something for nothing, go to the Cheap-John for it. We appreciate the patronage of our friends and will give them value received, but we don't propose to hoodoo around and worry people for work. If you want to patronize us, we thank you for it, but if you want to go elsewhere we think none the less of you, provided, mind you, that you take your axe to the same place to have it ground.

Good, Clean Show.

A big crowd came to see Sun Bro's circus. While not a very large one, yet it was far above the average in many respects. The band was good and most of the performers exceedingly fine.

Pleasant Occasion.

The opening ball at Crab Orchard Springs was a great success in every respect. Manager Willis spared no pains to make the event enjoyable for all. Wherley's band, of Louisville furnished the music. There are about 150 guests there now.

Attracted Much Attention.

The automobile, which the Elks will raffie at the big Fair in Richmond, July 14-19 was in town Saturday and attracted a great crowd. Mr. John W. Rock, one of the cleverest of gentlemen, and an enthusiastic Elk, was in charge and took great pleasure in exhibiting the machine. A number of people were given a "drive," among them a number of young ladies. As stated in last issue, the chances on the machine are fifty cents each, and an absolutely fair drawing will be had. Call at THE RECORD office and take a chance. The automobile cost \$700 and is of the best make.

Good for Druggists.

One provision of the Farris tiger law is that which prevents the giving or loaning of a drink of whisky. You would be surprised at the number of men, who are pretty respectable fellows too, who go in and, humping up though in great misery, ask the druggist to please give them a drink. These men are perfectly able to buy whisky but they are too infernal stingy, so go in and beat the druggist. The amount of liquor given away in this manner is surprising, and to stop it will be good for the druggist. Of course the latter don't mind it in many instances, but it is not right. If you want to tank up, pay for the booze.

Observe Our New Bonnet.

We presume you have noticed our new heading in this issue. It appears somewhat small, but is the very latest in style. The old head has been very faithful, having done service for several years. We have also installed several heads over the different departments, which we believe you will like. Now, doubtless, many will say what we need is a new head to do the thinking for this establishment. Well, this may be true, but as we have a standing offer to turn the paper over to any of the wisecracks who think they can run it, we don't feel that we are altogether thrusting ourselves on a suffering public.

Among those who took a ride in the automobile was Squire W. H. Kinnaird. He enjoyed it very much and complimented the boys on their pluck in making the investment.

Will Preach at Buckeye.

Rev. J. I. Willis will preach at Buckeye next Sunday morning at eleven o'clock, and give a free lecture on Vocal Music at eight o'clock at night. Everybody invited.

Make 'Em Connect.

If the City Council can devise ways and means to make the Bell company connect with the local exchange, they will do a great favor for a suffering public. Its a great nuisance to have to quit work and waltz across town to answer a call that could be sent into your place of business.

Good Court Day.

A big crowd was in town Monday, that is, they were here part of the day, most of them hurrying home after attending to business. There are few men who come in to hang around all day, nearly all attending to what they came for and then making tracks for home. Business was fairly good, the stock sales being reported elsewhere in this issue.

An Interesting Man.

Rev. C. H. Goodman, who has opened a paint shop just below THE RECORD office, in this city, is perhaps the oldest ordained minister in Kentucky. He was born in London, England, in 1826, became a member of the church in 1838, was ordained in the Baptist church in 1844, was twelve years on the mission work, seven years on the battle field, and is now working at his trade, that of painting, in his seventy-seventh year.

Has Wide Reputation.

Garrard has a young man who is winning fame far and near as an artist. We refer to our friend, Mr. Clay Sutton, the big-hearted gentleman who has made a number of character sketches for THE RECORD. Mr. Sutton has done much work for the east-ers papers and magazines, and has had a number of flattering offers. He does not like notoriety, and every time he makes a sketch for us is particular to ask that "no taffy" be given him. The drawing of Jim Hamilton, used in last issue, has attracted so much favorable comment that we must tell our readers the name of the artist. Mr. Sutton draws these from memory, and never has to take a second look at a man to draw the face perfectly. They are made in India ink and the cuts cast by the Tinsley Engraving Co., of Louisville.

Letche-Sparger.

The following, from the Lexington Democrat, is of interest to the many Lancaster friends of the bride:

The marriage of Miss Lyne Letche, of Henderson, Ky., and Mr. John Sparger, of Hillsboro, Ohio, was celebrated at 12:30 o'clock at the residence of Mrs. Elizabeth Holloway on East High street. Dr. Edwin Miller of the First Presbyterian church officiating. Only the relatives and a few intimate friends were present at the ceremony, but every detail of the pretty wedding was arranged with loving thoughtfulness. The house was beautifully decorated for the occasion. Mantels were banked in sweet fragrant flowers and handsome plants arranged attractively in pretty nooks made a lovely setting for the bright beauty. The ceremony was followed by a beautiful luncheon after which the happy couple left for Michigan, where they will spend their honeymoon on the lakes. Lexington feels much complimented that they chose this place for their wedding ceremony and the bride's many friends here wish her every happiness. She is the grand-daughter of Mrs. Lyne, Mrs. Holloway's daughter, and is a lovely young girl. She has frequently visited here where she has made a number of friends. The bridegroom is a prominent merchant of Hillsboro, and is personally very popular and highly esteemed. Among those present at the ceremony were Mrs. Robt. Holloway, Mrs. Lyne, Miss Anna Holloway, Mrs. Elzab. Letche of Henderson, Miss Daisy Sparger, of Hillsboro, Mr. and Mrs. H. H. Suydam, of Cincinnati, Dr. and Mrs. M. H. Yeaman, of Louisville, Mrs. John Sparger, of Hillsboro and Mr. Shelton Saulley.

JUST TOO CUTE.

Danville Friends Would Work A Rabbit's Foot But "There's Many a Slip," Etc.

The Danville papers published in flaming type that Southern Railway officials were in that bustling little city to see about "building an extension of the road from Burgin to Danville," in other words, extending the line which stops at Burgin on the Danville and making the latter city the terminus, etc. Now don't that jar you? As the president of the road wrote this paper recently, the company has not abandoned the proposition to build the Jellico-Burgin extension, but they are not ready to do so yet. Now, the good people of Danville think that by making a flattering offer they can get the road built as far as their city, then, as a matter of course when the company decides to build the Burgin-Jellico road they will have the thing cinched. Wouldn't that take the stiffen' out of your shirt waist?

Let's look a little into this matter. Mr. Spencer, the president of the Southern has given us his unqualified promise that we shall be duly informed when they are ready to take up that question. The Danville papers said all this mare's-nest last week was found by young Mr. Spencer, of Louisville, who is superintendent of a division of the Southern, and Mr. St. John Boyle, another Louisville man, but who was born and raised in Danville, and like all other Danville men, thinks that city a branch heaven, so to speak. Well, we can see where there is an overproduction of ice cut by our Danville friends, but if they should succeed in their undertaking, they will blast Garrard county's hopes. Brethren, in the beautiful and impressive language of the poet, "we are onto you," and if your deep-studied plot works out as plotted, you will find you have had a tussle with your good friends over here in Garrard. Your uncle St. John is not as cute as he fain would be.

THE DELINEATOR FOR JULY.

The great world event of June, the coronation of King Edward VII., of England, will picture scenes that have had no parallel in the lives of the present generation, and for this reason an article by Sir Edwin Arnold on the Coronation Festivities, and a description by the late Sir Walter Besant of the Pageants of London, in the July Delineator are especially timely and interesting. Another of Miss Laughlin's charming stories of authors' loves appears this month, telling of the pitiful passion of John Keats; and the concluding paper in the series on pictorial photography treats of genre pictures' the illustrations being remarkably fine. There is an interesting description of the life of Clara Barton-founder of the Red Cross Society, in her picturesque home near Washington. To the series on athletics for women is added an illustrated article on bowling, by a New York woman who has won many honors in this sport. The house keeping department has been adapted to the many difficulties of the hot weather season, and the recipes for summer drinks and inexpensive desserts will be welcomed. In fiction there are two high-class stories: The Unpromising Land, by Julian Van Boskirk; and A Daughter of the Wilderness, by Francis Lynde,

OLD PEOPLE

Do not always receive the sympathy and attention which they deserve. Their ailments are regarded as purely imaginary, or natural and unavoidable at their time of life. Disease and infirmity should not always be associated with old age. The eye of the gray-haired grandeur may be as bright and the complexion as fair as any of his younger and more vigorous companions.

Good Blood is the secret of healthy old age, for it regulates and controls every part of the body, strengthens the muscles elastic and supple, the bones strong and the flesh firm; but when this life fluid is polluted or poisoned and loses its nutritive, health sustaining elements, then there is a rapid decline of the vital powers, resulting in premature old age and disease. Any derangement of the blood quickly shows itself in an ulcer, sore, wart, tumor or some other troublesome growth upon the body, and rheumatic and neuralgic pains become almost constant, accompanied with poor digestion and cold extremities.

S. S. S. being purely vegetable, is the safest and best blood purifier for old people. It does not shock or hurt the system like the strong mineral remedies, but gently and thoroughly cleanses the blood and stimulates the debilitated organs, when all bodily ailments disappear. S. S. S. is just such a tonic as old people need to improve a weak digestion and tone up the stomach. If there is any hereditary taint, or the remains of some disease contracted in early life, S. S. S. will search it out and remove every vestige of it from the system.

Write us fully about your case and let our physicians advise and help you. This will cost you nothing, and we will mail free our book on blood and skin diseases.

There is considerable enthusiastic talk about growing and finishing hogs entirely on alfalfa and without any grain. Undoubtedly alfalfa is excellent for growing swine, but the block test is to be heard from yet on the question of finishing without grain.

The export of live hogs has never been large. In 1897 there were 28,751 head exported, and in 1900 it went up to 51,722 but last year fell back to 22,318 head. Danville Court:—Yesterday was one of the dustiest court days on record for Danville. A very light crowd was in town and trading generally was unsatisfactory, with few sales made. Only a few cattle on the market. Lutes & Co., of Lincoln sold to Gentry Bros., 14 head of 875 lb. cattle at 4c. Horse and mule trading was also dull.—News.

The Louisville Tobacco Market.—Total sales in this market, last week were 2,354 hhds., against 2,903 hhds. on corresponding week of last year. Total receipts (last week) 1,141 hhds. against 2,309 hhds. for corresponding week last year. Rejections last week were 385 hhds., 20 per cent. of the preceding week. Of the total sales 1,265 hhds. were Burley and 1,089 were dark tobacco. Receipts and offerings have increased some this week. There is no quotable change in Burley prices. Lugs and trash are still relatively high and there is more competition and animated bidding on these than on any other grades. The bulk of the offerings have been on the lower grades as usual. Quite a good deal of old leaf made its appearance under the breaks this week, and when sweet it met with active competition and brought high prices. About all the crop is set that will be put out this year. The planting in the western part of the State was materially reduced by lack of season for transplanting.

The News office has been unusually blessed this week by having "Esau, the snake-eater," located directly in front of its windows, so that we received the full and lasting benefits of the leather-lunged speller's eloquent appeal to "hurry, and see him eat his supper." Read It in His Newspaper.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by R. E. McRoberts, Druggist.

NATURE.

Woman's Constitution.

Beginning at the time when girlhood blossoms into womanhood, through all her life, until the first few silver streaks proclaim advancing age, woman's days of cold and suffering come again, just as the moon continues everlastingly to grow and wane, and bring her weakness, headache, chills, discomfort and depression, yet she bears her burden patiently and with rare courage. The only relief she may gain is through alleviation, strengthening herself, assuring quiet nerves and rest.

BRADFIELD'S FEMALE REGULATOR

will warm her through and through, alleviate her suffering, relieve that depressing pain, strengthen her nerves, drive away that sinking dull faintness, stop that headache, soothe her like a mother's kiss, and carry her safely and comfortably through her troubles.

There will be no obstructed periods. The ever-recurring and monthly moon will follow regularly upon each other thirteen times a year.

It is always a good plan never to give a decided answer on an important matter on the spur of the moment.

Leads Them All.

"One Minute Cough Cure beats all other medicine I ever tried for coughs, colds, croup and throat and lung troubles," says Dr. Scott Curran of Logan, Pa. One Minute Cough Cure is the only absolutely safe cough remedy which acts immediately. Mothers everywhere testify to the good it has done their little ones. Croup is so sudden in its attacks that the doctor often arrives too late. It yields at once to One Minute Cough Cure. Pleasant to take. Children like it. Sure cure for grip, bronchitis, coughs.

A truly great man passes lightly over personal affairs: his thought moves on higher planes.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleaning the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Every, Moundsville, W. Va. "They do me more good than anything I have ever tried."

Blow the coal of anger and the sparks will fly in your face and burn you.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by R. E. The upright man will surely have good things and many friends while he lives.

Hot Weather Weakness.

If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do. It is a tonic, laxative and restorative. H. J. Fregard, Propr. Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Kan." 50c at R. E. McRoberts. 1m

Was Wasting Away.

The following letter from Robert R. Watts, of Salem, Mo., is instructive. "I have been troubled with kidney disease for the last five years. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." C. C. & J. E. Stormes. 1m

The excess of virtue becomes vice, sometimes.

Constipated Bowels.

To have good health, the body should be kept in a laxative condition, and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 N. Main St., Wichita, Kansas, writes: "I have used Herbine to regulate the liver and bowels for the past ten years, and found it a reliable remedy." 50c at R. E. McRoberts. 1m

I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. 1m

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts, of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. The Breaking Strain.

The latest cable ever made is strained to the breaking point when it is overtaken. Just the amount of strain the cable will bear without breaking can be figured by the makers to an ounce. The human body is like the chain in this that it breaks down when more than a legitimate strain is put upon it. But, unlike the chain, there is no means of telling under what strain the physical powers will collapse. For that reason the first symptoms of being overtaxed are alarming. If there is a feeling of weakness, especially when accompanied by loss of flesh, the strain on the body is passing beyond its endurance. There is need of increased physical strength and vigor.

People who are weak and run-down will find that Dr. Pierce's Golden Medical Discovery will promptly restore them to vigorous health. It cures diseases of the stomach and other organs of digestion and nutrition, purifies the blood and builds up the body with sound flesh.

"I had been sick for two years with indigestion and nervous debility, and had taken medicine from my family doctor for a long time without much benefit," writes Mrs. W. H. Peebles, of Lucknow, S. C. "Was induced by my husband to consult Dr. Pierce by letter. You advised me to take 'Golden Medical Discovery' and 'Favorite Prescription,' which I did, and, to my great surprise, after taking six bottles I was cured. My husband had not paid one cent in doctors' bills for me since. I took the medicine nearly two years ago."

FREE. Dr. Pierce's Common Sense Medical Advisor is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send twenty-one one-cent stamps for the book in paper covers, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.
